LIFE STYLE IN AUSTRALIA

The health care system in Australia is one of the best but the cost of treatment can be expensive. While you are enjoying your student life in Sydney, the last thing you want to worry about is medical expenses if you get sick or have an accident. It is a visa requirement that all international students have Overseas Student Health Cover (OSHC) for the duration of their student visa.

As an international student you are allowed to work for 40 hours per fortnight. The Permission to work is automatically included with your student visa. A variety of casual jobs can be found in cafés, restaurants and other retail outlets. Australia's minimum wage depends on your age, job classification and what industrial instrument these are covered by.

As a single student you must be able to show you have the financial capacity to cover living costs of at least \$21,041 Australian dollars per year. Student living away from home will require at least \$1,754 per month for accommodation, food, utilities and entertainment. The actual costs will depend on your lifestyle choices and needs.

At Berkeley Institute we provide orientation at the start of every term for new students. Orientation is usually held Thursday mornings at 9AM prior to the course commencement date. This session is compulsory for all newly arriving international students. Students will get a chance to meet the staff, tour the campus, receive their timetables and student IDs. This also gives you the opportunity to ask any questions you might have about the program or living in Australia. Students will also receive their USB lanyards containing the Student Handbook and all forms relevant to their time at Berkeley.

All of the academic staff members at Berkeley Business Institute are highly gualified. Trainers and assessors are certified with experience inside the classroom and in their fields. They are also aware of industry trends and stay up-to-date with the latest information to help you achieve your future career goals.
